

## NUTRITIONAL CREAMING SYSTEMS

	Product Name	Fat/Oil Source (s)	Protein Source (s)	Carbohydrate Source (s)	Other Functional Ingredients	Product Details
	Jerzee® CWS 80 BX	High Oleic Sunflower	Casein	Maltodextrin	High Oleic Sunflower	Trans fat-free, low in sugars, and FDA health claims on unsaturated fat impacting cholesterol levels.
	Jerzee® CWS MCT	Medium Chain Triglycerides	Casein	Maltodextrin	Medium Chain Triglycerides	Trans fat-free, low in sugars: MCT allows for quicker fat absorption and utilization in body, a caloric dense fat that only elicits a small insulin response, delivers a boost of energy and increases endurance.
	Jerzee® 50 Coconut HS5	Coconut	Casein	Fructans (Inulin/FOS)	Fructans (Inulin/FOS)	Trans fat-free, low in sugars and lowest carbohydrate impact creamer on glycemic load. Approximately 37% soluble fiber = good to excellent source of fiber. Fructans stimulate absorption of dietary calcium and display prebiotic properties.
	Jerzee Organic 50 - Palm	Organic Palm	Organic Skim Milk Solids	Organic Rice Syrup Solids and Organic Sugar	Organic Lecithin	Trans fat-free dairy-based Organic creamer with excellent creamer properties.
	Centennial® 73 - Safflower CL	High Oleic Safflower	Skim Milk Solids	Skim Milk Solids (lactose)	High Oleic Safflower	Trans fat-free, and low in saturated fat with high levels of mono & poly unsaturated fat = heart health.
	Vitamite® 100	Partially Hydrogenated Canola or High Oleic Sunflower	Casein, Soy Protein Isolate	Corn Syrup Solids (lactose-free)	Vitamin & Mineral Fortified	A healthy milk alternative that is rich in calcium, cholesterol free, low in sodium, lactose free with reduced sugars compared to milk, and vegan friendly. Also available in a variety of flavors.
	Jerzee® NF3	None	None	Food Starch & Maltodextrin	Unique Stabilizer for mouth-feel properties	No fat or trans fat. Natural mineral pigment for whitening.
