POWDERED FATS

|  | Product Name | % Protein | % Fat | Fat Type (s) | Product Details |
|---|-------------------------------------|-----------|-------|---|---|
| | Centennial® I | 5.5 | 75.0 | Soy Canola | Lactose carrier with no emulsifiers. Protein level is higher for better emulsion stability. |
| | Centennial® II or Centennial® 73 | 3.5 | 73.0 | Soy Canola Safflower Sunflower | Corn syrup solids carrier. Lower protein level. Economical powdered fats. |
| | Centennial® IV | 6.0 | 73.0 | Soy | Milk-based system made with skim milk solids and sugar. |
| | Centennial® IX Centennial® 75 | none | 75.0 | Soy Palm Coconut Sunflower | Contains no protein and no lactose. No browning under high heat conditions. Excellent for use in retorted soups and sauces. Most effective whitening at pH less than 5.0. |
| | Centennial® Organic | 5.5 | 73.0 | Organic Palm | Certified organic powdered fat made using patent pending formulation and processing. |
