

# CLEAN LABEL

## WE MAKE IT EASY

The growing demand for additive-free foods is changing the global food and drink industry, and we are here to help you develop new products that provide the benefits of clean label claims.

Research shows that consumers want foods that are natural, minimally processed and made with familiar ingredients. Clean labels can provide a road map to premium and value added products. At SensoryEffects we offer a wide range of clean label formulations that can deliver functionality in various end-use applications.

Try our new clean label creamer, **Centennial 70-MCT CL IP** is designed to assist with your “clean label” and non-GMO formulation needs as a low carb creamer and is formulated using medium chain triglyceride oil (MCT Oil).

### Features & Benefits of MCT Oil

- Quickly metabolised
- Energy enhancing
- Lower caloric content than other fats
- Increases circulating ketones which support cognitive functions

### ★ CREAMER PRODUCT HIGHLIGHTS

- Clean Label
- Non-GMO
- Low Carb
- Medium Chain Triglyceride

### 👍 APPLICATIONS

- Instant Shakes & Smoothies
- Sports Nutrition
- Meal Replacement Shakes
- Overall Health & Wellness Products
